# Welcome to the Original Pancake House in St. Louis!

We are excited to offer a quality breakfast with the very best ingredients & truly authentic recipes here in Missouri. Our menu was created by Les Hight & Erma Hueneke in 1953, inspired by their years of culinary experience and exposure to old world methods. This unique menu originated in Portland Oregon but instantly garnered national acclaim, including a James Beard Award. These preparations call for us to grow an old-fashioned sour starter just like grandma used to make & age it in our kitchen for 5-7 days. This cultured 'start of yeast' results in a fluffy and flavorful buttermilk batter that is well worth the effort. In fact we prepare all of our batters, syrups and sauces from scratch. We are also well known for our many signature items. These include our decadent cinnamon glazed apple pancake made with a rich German batter & the light and fluffy Dutch Baby which is deliciously prepared with a lemon glaze at your table.

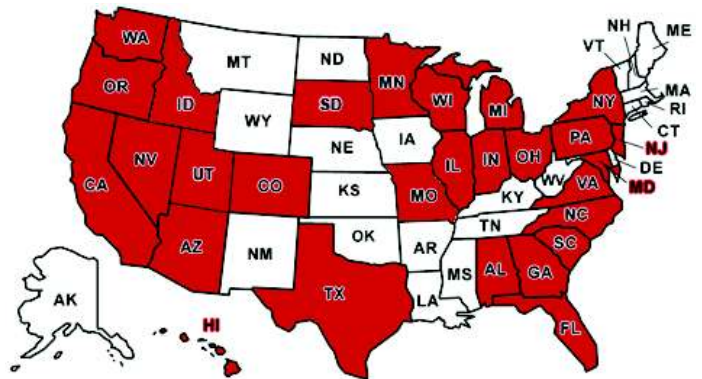

The Original-Original Pancake House,

The other secret to breakfast nirvana is simple; never compromise on quality ingredients. Offering 93 score butter, 40% whipping cream, thick sliced hickory smoked bacon, fresh grade AA eggs and hard wheat unbleached flour results in genuine goodness that cannot be faked.

We only offer fresh-squeezed orange juice and freshly whipped cream & butter. We also serve lingonberries imported from Sweden, real aged cheddar, amazing fresh berries, Wolfermann's Deluxe English Muffins, our own special recipe sausage and Boyd's coffee made exclusively for The Original Pancake House. As a third-generation family run business, we provide all of these memorable extras to set us apart from the rest. We believe a satisfying breakfast never comes from a box, but from real food prepped in-house by people who care.

It is our mission to provide you with a comfortable & friendly atmosphere while experiencing a truly delicious American breakfast tradition. Thank you for visiting & we hope you return often.
